

Urban Goierri

We will start our visit in **Ordizia**: Barrenetxe House contains the Goierri Region and the Food and Gastronomy Interpretation Centres, both extremely important for getting to know the area and Basque cuisine; the Wednesday market dating back to 1512 offers local home-grown produce (another Friday afternoon market similarly offers quality products). We can also take a walk round the lovely heritage site of its old part. From here we will head for **Beasain** and the Igartza District (with its diaporama) mill, ironworks, inn, chapel, bridge and cross. We will end the day in **Lazkao**, discovering the Infantado Mansion, the Benedictine Monastery, the Bernardas Monastery and the statue of the famous inventor-singer of Basque verse, the bertsolari Lazkao Txiki.
