We will start at the Park Interpretation Centre on **Lizarrusti** pass (access from Ataun); having done this, all sorts of outings are available throughout the entire Aralar Range: the Lareo reservoir, the megalithic monument trail Jentilbaratza Castle, passes, summits, etc. On our way back we will stop in **Ataun**, the longest village in Gipuzkoa, with its three neighbourhoods (San Martín, San Gregorio and Aia). Here, among others, we will find three churches, Santiago Hospital, Zubikoeta Mansion, Zelabear Tower and Sara House (home of the anthropologist Joxemiel Barandiaran).
