

Panoramic viewpoints and countryside

This is a car journey taking us round the highest points of our region with its little rural villages; we will start this route in the village of Arama before climbing to **Altzagarate** (site of the first viewpoint with its monolith). From here we will head for Gaintza and **Zaldibia**, starting point for numerous mountain trails, before visiting **Oianguren Park in Ordizia**, ending our day in the pretty natural area of **Lazkaomendi** in Lazkao (horse-riding excursions) and **Olaberria**, known as the balcony of the Goierri region.
